For a short time I will offer you the Best Bargains in Japan Teas you ever saw. I make a specialty of this branch of my business. I am offering for 25 cts. a tea that you can't buy for less than 25 to 40c from anyone. I give you a sample free, and ask you to steep and compare it with teas that have cost you 10 or 15c more, and see if mine won't more than match them. If my tea is just as good or better and you can save 10 to 15c a pound I am satisfied that you will buy your tea from me. I keep all grades and prices. If you want the very best tea that is grown call for my 50c—Money can't buy anything any better—others may ask you 60 or 75c for their best but when you come to steep and compare them you will see that mine more than matches them, and you save the 15 or 25c. Every single seat and a large number of chairs were occupied Thursday evening with a full representation of Keokuk people to listen to the last lecture of the popular Chicago University Extension course, which has proved a success, both financially and otherwise. At frequent intervals during the past year M. L. Stewart & Co., of this city, have received frequent communications from a Frank A. Cameron, of Chicago, making demands on them for various sums of money from three to eighteen hundred dollars. Monday a sight draft was presented by Lyon & Hadsall, to whom it had been sent for collection and which the bank promptly refused to pay. On investigation it was learned that Dr. Cameron, of this city, had been annoyed by this same crank for some time past. The doctor has received numerous letters requesting him to come over to Chicago and settle up and avoid arrest. A Chicago doctor named Jackson, well known to some Owosso people, had a call from the mysterious Cameron. He requested Jackson go to Owosso and get \$1800 that he had on deposit in M. L. Stewart & Co's bank, and promised him \$300 for his trouble. He gave as his reason for not wanting to return to Owosso that while practicing here a few few years ago he performed an operation, after which the patient died and a warrant was issued for his arrest. The whole transaction seems to be a fake, and would indicate that Cameron is a crazy crank who is laboring under the impression that he has money on deposit with the Owosso bankers.—Press.
